Portofino
CARE & MAINTENANCE

Portofino

Portofino by AC Stone® is the epitome of elegance in premium porcelain surfaces. This exquisite range redefines luxury with its unparalleled beauty and performance. Designed to withstand the rigors of weathering and intense heat, these surfaces are the ultimate choice for sophisticated indoor and outdoor living spaces, patios, and walkways.

EFFORTLESS DAY-TO-DAY CLEANING

AC Stone® Portofino surfaces require very little maintenance to maintain their new appearance. We recommend wiping the surface with warm soapy water (using a mild detergent) and a clean, damp cloth. Avoid using the cloth you use for washing dishes, as it could transfer oils and other contaminants to the AC Stone® surface.

NON-POROUS & NO ADDITIONAL SEALANT REQUIRED

AC Stone® Portofino porcelain surfaces will retain its pristine appearance without requiring polishing or sealing. Avoid polishing the surface, and refrain from rubbing the same spot for extended periods when cleaning.

AVOID HARSH CHEMICALS

Similar to other surfaces, AC Stone® Portofino surfaces can be permanently damaged by exposure to strong chemicals and solvents that undermine its physical properties. Do not use products that contain trichloroethane or methylene chloride, such as paint removers or strippers. Avoid all contact with highly aggressive cleaning agents like oven cleaners that have high alkaline/pH levels. Should the surface be accidentally exposed to any of these damaging products, rinse immediately with water to neutralize the effect.

HEAT RESISTANCE & PRECAUTIONS

AC Stone® Portofino Porcelain surfaces are heat resistant; placing a hot pot or pan on the AC Stone® surface will not cause damage. However, we advise placing heat-emitting appliances such as pizza ovens, electric frying pans, and slow cookers on a wooden chopping board as a precaution.

FOOD PREPARATION

AC Stone® strongly recommends using a cutting board and refraining from cutting directly on the AC Stone® porcelain surface. This practice is essential to prevent the dulling of kitchen knives or damaging the surface of your benchtop.

WARRANTY REGISTRATIONS

Have you registered your AC Stone 15 Year Limited Warranty yet? Register your purchase of AC Stone® Portofino porcelain surfaces within 90 Days of purchase date to qualify. Simply register online at www.acstone.com.au/register-warranty to receive a complimentary AC Stone® Cleaning Kit, designed to help you maintain your surface for years to come.

A VISUAL GUIDE

THE TWO WAYS TO CLEAN YOUR PORTOFINO PORCELAIN SURFACE

DAY-TO-DAY CARE

Wipe surface with warm soapy water and a clean, damp cloth

THOROUGH CLEAN & STUBBORN STAINS

AC Stone Cream Cleanser

AC STONE CREAM CLEANSER

THOROUGH CLEAN & STUBBORN STAINS

Wipe away residue with paper towel.

Drench the non-fiber cloth with warm water.

Squeeze a reasonable amount of AC Stone Cream Cleanser onto a microfibre cloth .

Using gentle circular motions, clean the stained area without applying excessive pressure. Remember to remove any residue with a clean, damp cloth afterward.
